26 March 2020

Dear Stakeholder and Business Partner,

COVID-19 UPDATE

In light of the statement made by the President on the Escalation of Measures to Combat the COVID-19 Epidemic on 23 March 2020, and the National Lockdown announced effective 26th March 2020, the following pertains:

The Willowton Group is a manufacturer, producer and distributor of Cooking Oils, Rice and Maize, Margarines and Other Food Products or similar and as such constitutes an **Essential Services Provider** in terms of the present regulations relating to COVID-19.

As such, it is business as usual and we will continue to meet our obligations to all of our valued Stakeholders and Business Partners.

In these times of uncertainty, we have ensured that we have a business continuity plan in place so as to ensure as little disruption to our business as possible. Our employees have been provided with all relevant permits and identity cards to allow them to come to work and we also have a contingency plan in the event that some of our employees are unable to work.

Importantly, we have taken all necessary steps to ensure the well-being and safety of our valued Team Members and Service Providers. Included as part of the critical continuity services we deliver, we have applied the necessary strategies to limit the spread of the COVID-19 infections and protect all Stakeholders. We have also put in place all measures necessary to ensure uninterrupted supply within our operations during this time.

We look forward to your continued support during this time of great uncertainty.

Yours sincerely,

M.Z. MOOSA

WILLOWTON GROUP CEO & MANAGING DIRECTOR
